Let's Get into the Business problems

1. Popular Time Slots:

Identify the time slots during which the most orders are placed, based on 2-hour intervals.

	TIME_SLOT	TOTAL_ORDER
0	02:00:00 PM-04:00:00 PM	455
1	10:00:00 AM-12:00:00 PM	452
2	08:00:00 PM-10:00:00 PM	441
3	10:00:00 PM-00:00:00 AM	440
4	06:00:00 PM-08:00:00 PM	440

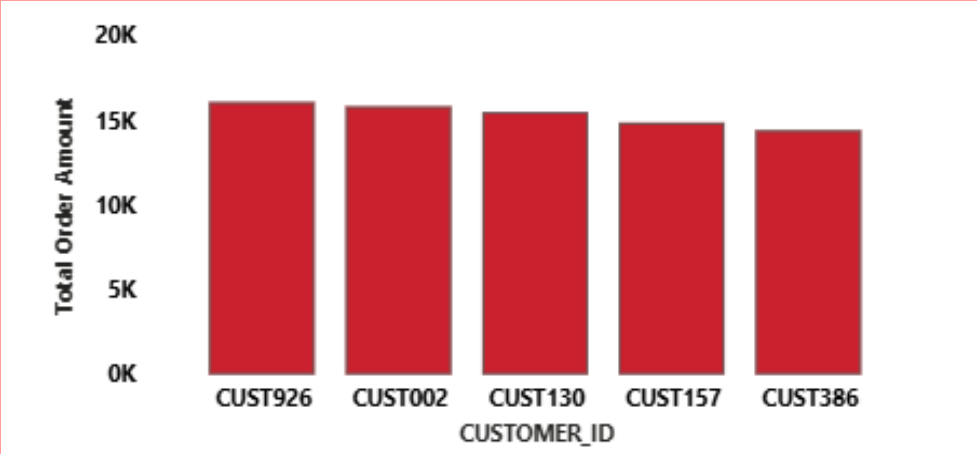

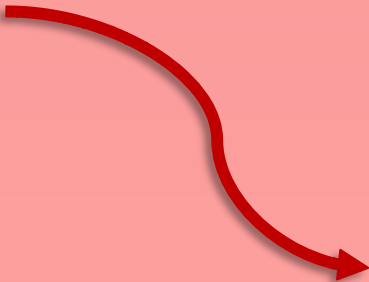

The Most popular time slots are from 2pm to 4pm

2. High-Value Customers:

List the customers who have spent more than 14K in total on food orders.

	CUSTOMER_ID	CUSTOMER_NAME	TOTAL_ORDER_AMOUNT
0	CUST926	Aarav Sharma	16,069.28
1	CUST002	Aarav Iyer	15,812.45
2	CUST130	Kiran Kapoor	15,476.64
3	CUST157	Rahul Sharma	14,862.07
4	CUST386	Kiran Verma	14,398.9

Customer id
926,002,130,157,386 are
the high value customers
who spent above 14K
order amount

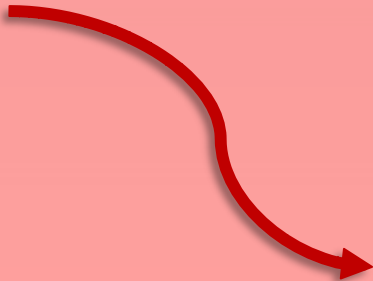

3. Restaurant Revenue Ranking

Rank restaurants by their total revenue from the last 2 year within their city.

	RESTAURANT_ID	RESTAURANT_NAME	TOTAL_REVENUE	CITY	CITY_RANK
0	REST019	Curry House	137,721.42	Bangalore	1
1	REST015	Taste Bhavan	119,647.73	Bangalore	2
2	REST013	Taste House	143,943.27	Chennai	1
3	REST017	Biryani Express	144,407.72	Delhi	1
4	REST020	Tandoori Treats	125,368.1	Delhi	2
5	REST005	Hyderabad House	155,197.15	Hyderabad	1
6	REST010	Mughlai Mahal	152,438.82	Hyderabad	2
7	REST007	South Flavour	147,480.21	Hyderabad	3
8	REST003	Nizam's Delights	147,291.68	Hyderabad	4
9	REST016	Zaika Treats	145,497.7	Hyderabad	5

Restaurant id 019 in Bangalore, 017 in Delhi, 014 in Mumbai, 013 in Chennai, 005 in Hyderabad are the top ranked restaurants by revenue

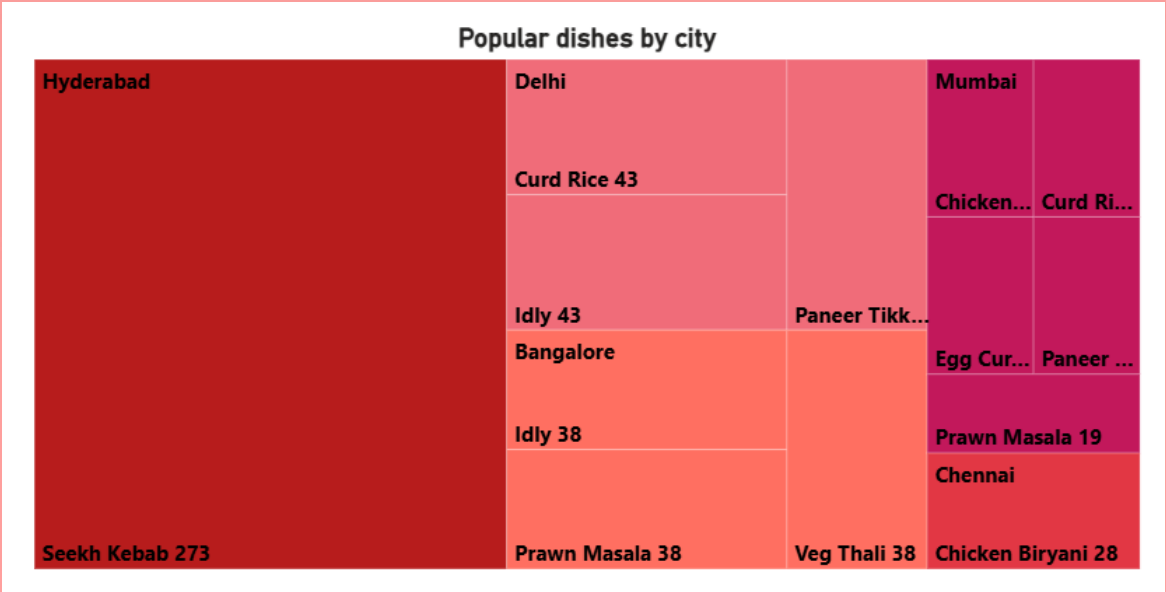

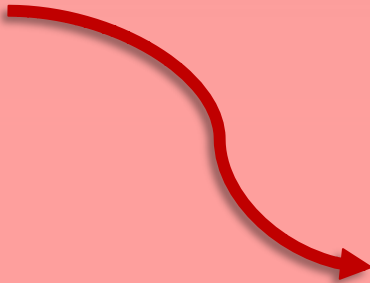

RESTAURANT_ID	RESTAURANT_NAME	CITY	Total Revenue (Last 2 Years)	City-wise Restaurant Rank
REST005	Hyderabad House	Hyderabad	1,55,197.15	1
REST013	Taste House	Chennai	1,43,943.27	1
REST014	Flavour Treats	Mumbai	1,29,853.98	1
REST017	Biryani Express	Delhi	1,44,407.72	1
REST019	Curry House	Bangalore	1,37,721.42	1
Total			7,11,123.54	1

4. Most Popular Dish by City

Identify the most popular dish in each city based on the number of orders.

	CITY	DISH	NO_OF_ORDERS	RNK
0	Hyderabad	Seekh Kebab	273	1
1	Delhi	Idly	43	1
2	Delhi	Curd Rice	43	1
3	Delhi	Paneer Tikka	43	1
4	Bangalore	Veg Thali	38	1
5	Bangalore	Idly	38	1
6	Bangalore	Prawn Masala	38	1
7	Chennai	Chicken Biryani	28	1
8	Mumbai	Paneer Tikka	19	1
9	Mumbai	Curd Rice	19	1

Though each city has its own popular dish, but the love for Seekh Kebab, Idly, Curd Rice and Panner Tikka is most.

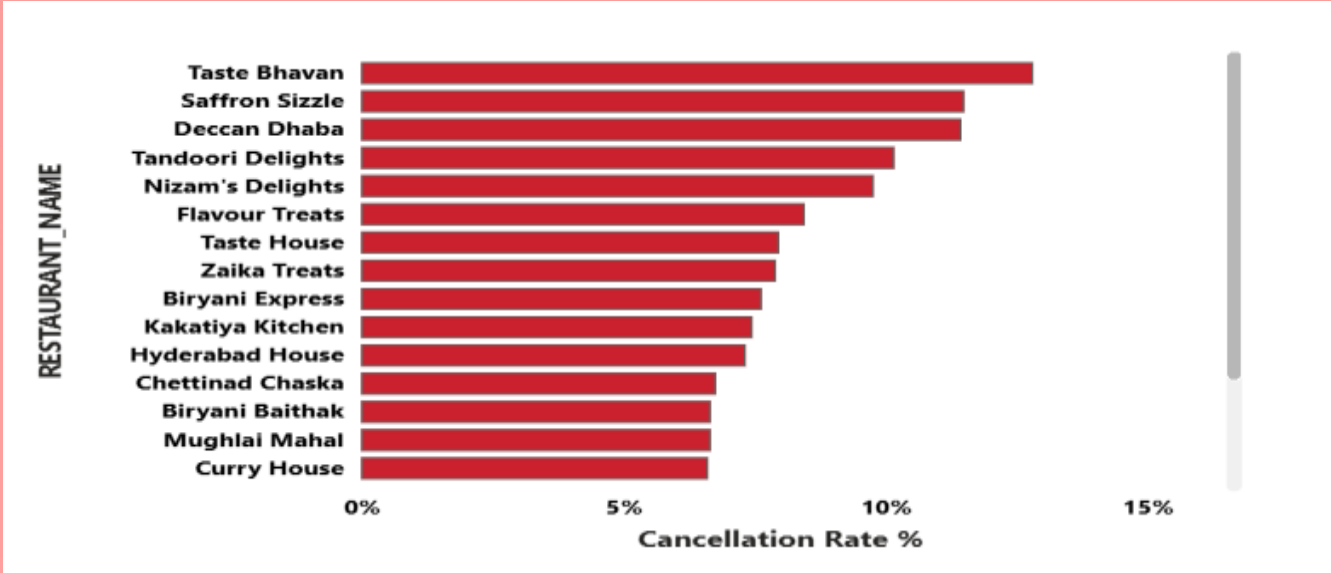

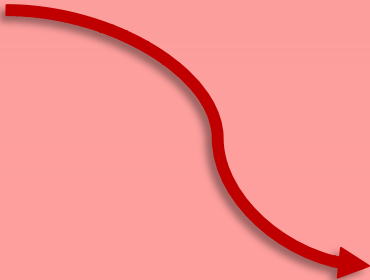

5. Cancellation Rate Comparison

Calculate the cancellation rate for each restaurant between the 2024 and 2025.

	RESTAURANT_ID	RESTAURANT_NAME	CANCELLATION_RATE
0	REST015	Taste Bhavan	6.30 %
1	REST004	Deccan Dhaba	5.81 %
2	REST006	Saffron Sizzle	5.12 %
3	REST003	Nizam's Delights	5.12 %
4	REST018	Tandoori Delights	5.04 %
5	REST014	Flavour Treats	4.62 %
6	REST016	Zaika Treats	4.33 %
7	REST013	Taste House	4.21 %
8	REST005	Hyderabad House	4.10 %
9	REST017	Biryani Express	3.97 %

Restaurant id 015 has the highest cancellation rate % followed by 004,006,003 and 018

6. Customer Segmentation

Segment customers into 'Gold' or 'Silver' groups based on their total spending -- compared to the average order value (AOV). If a customer's total spending exceeds the AOV, -- label them as 'Gold'; otherwise, label them as 'Silver'.

	CUSTOMER_SEGMENT	TOTAL_REVENUE	TOTAL_ORDERS
0	Gold	3,163,521.69	2,565
1	Silver	2,092,171.42	2,485

The Gold category comprises 2,565 customers, slightly higher than the Silver category, which has 2,485 customers

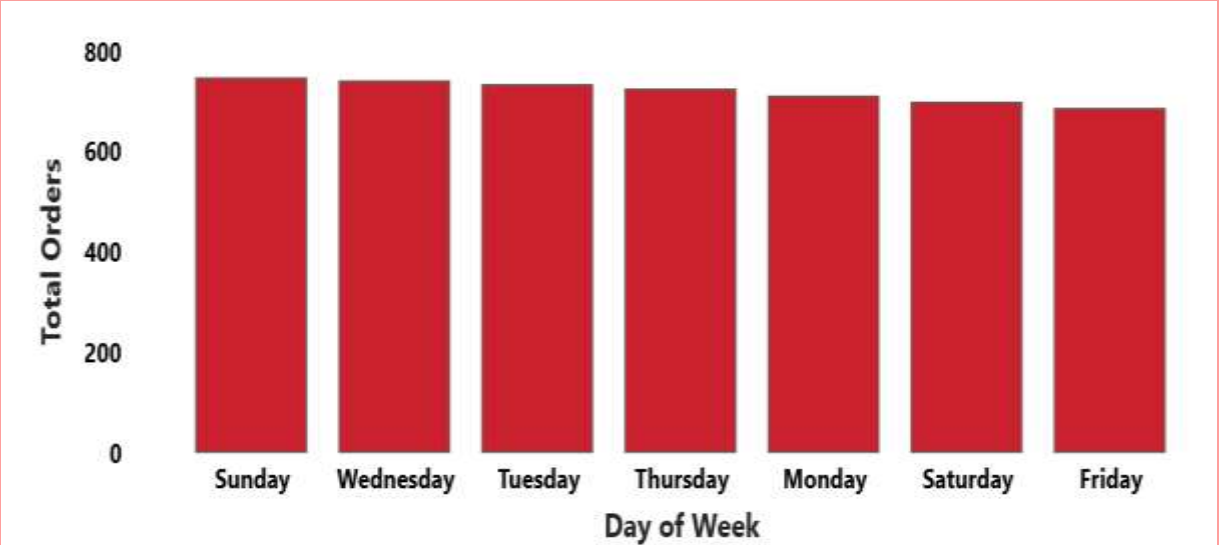

7. Order frequency by day

Analyze order frequency per day of the week and identify the peak day for each restaurant.

	RESTAURANT_ID	RESTAURANT_NAME	CITY	TOTAL_ORDERS	DAY_OF_WEEK
0	REST003	Nizam's Delights	Hyderabad	45	Thu
1	REST012	Kakatiya Kitchen	Hyderabad	45	Wed
2	REST012	Kakatiya Kitchen	Hyderabad	45	Sun
3	REST004	Deccan Dhaba	Hyderabad	45	Fri
4	REST010	Mughlai Mahal	Hyderabad	44	Tue
5	REST009	Coastal Curry	Hyderabad	42	Tue
6	REST019	Curry House	Bangalore	44	Wed
7	REST002	Charminar Spice Hub	Hyderabad	38	Sat
8	REST011	Chettinad Chaska	Hyderabad	44	Mon
9	REST005	Hyderabad House	Hyderabad	43	Sun

Sunday has the highest order frequency, followed by Wednesday.

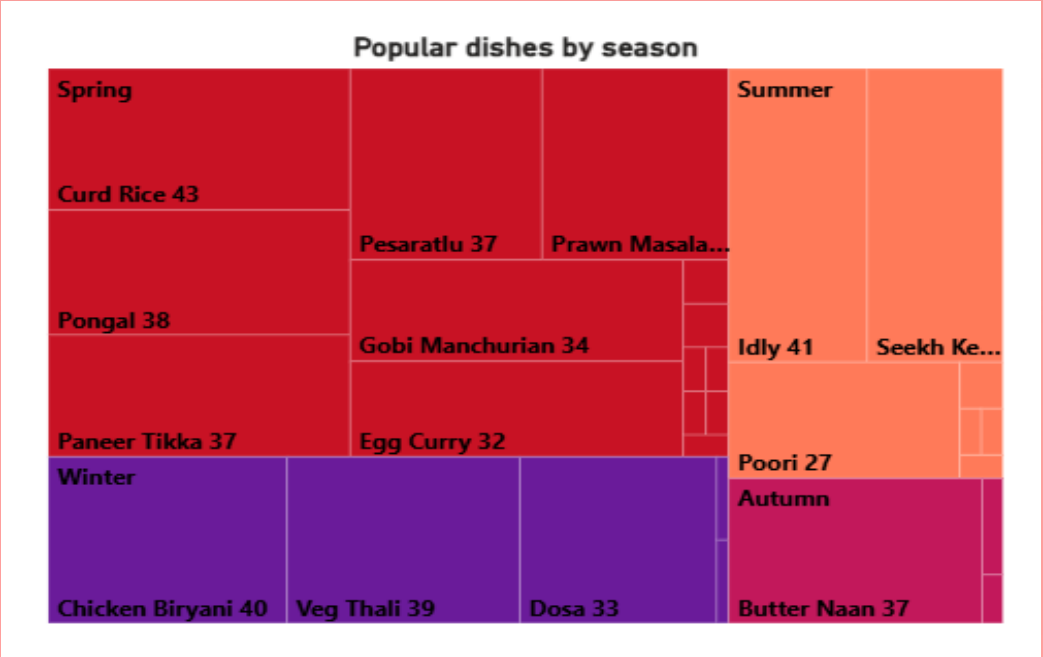

8. Order Item Popularity

Track the popularity of specific order items by seasonal demand spikes.

	ORDER_ITEM	TOTAL_ORDERS	SEASONS
0	Curd Rice	43	Spring
1	Idly	41	Summer
2	Seekh Kebab	40	Summer
3	Chicken Biryani	40	Winter
4	Veg Thali	39	Winter
5	Pongal	38	Spring
6	Butter Naan	37	Autumn
7	Paneer Tikka	37	Spring
8	Pesaratlu	37	Spring
9	Prawn Masala	36	Spring

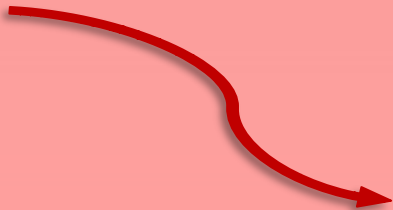

Spring is the most popular season with higher no of dishes are most selling

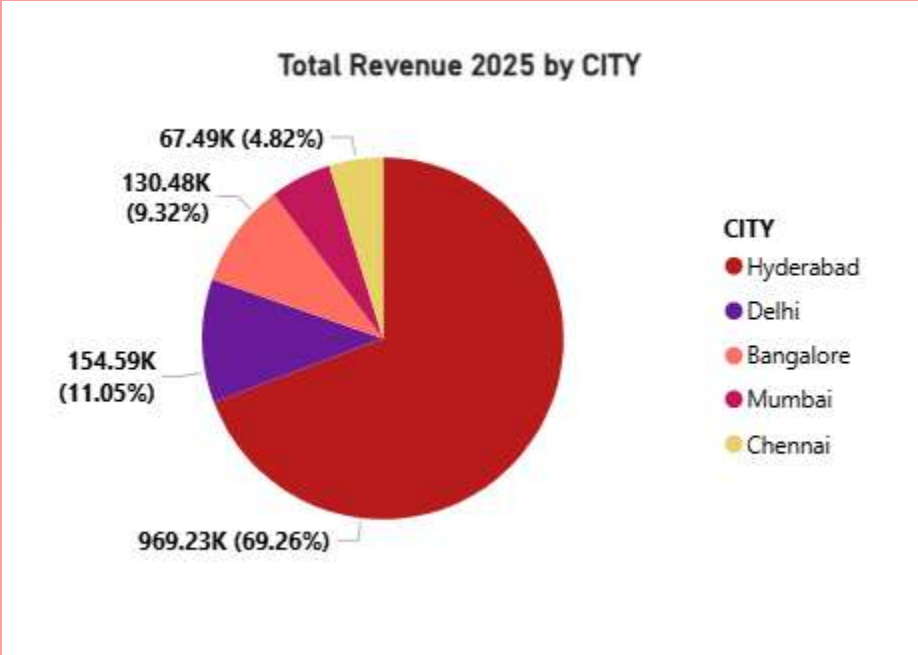

9. Ranking City by Revenue

Rank each city based on the total revenue for the last year (2025).

	CITY	TOTAL_REVENUE	RNK
0	Hyderabad	969,225.2	1
1	Delhi	154,586.31	2
2	Bangalore	130,478.39	3
3	Mumbai	77,587.77	4
4	Chennai	67,490.77	5

Hyderabad is the top ranked city by Revenue, followed by Delhi.

10. Stored Procedure

create a stored procedure to show the full order history of a customer sorted by most recent-- return customer name, order id, restaurant name, order date, Total amount

SQL ▾ as cell37

```
1 CREATE OR REPLACE PROCEDURE customer_details(p_customer_id STRING)
2 RETURNS TABLE (
3     customer_name STRING,
4     order_id STRING,
5     restaurant_name STRING,
6     order_date DATE,
7     total_amount INT
8 )
9 LANGUAGE SQL
10 AS
11 $$
12 DECLARE
13     res RESULTSET;
14 BEGIN
15     res := (
16         SELECT
17             c.customer_name,
18             o.order_id,
19             r.restaurant_name,
20             o.order_date,
21             o.total_amount
22         FROM customers c
23         LEFT JOIN orders o
24             ON c.customer_id = o.customer_id
25         LEFT JOIN restaurants r
26             ON r.restaurant_id = o.restaurant_id
27         WHERE c.customer_id = :p_customer_id
28         ORDER BY o.order_date DESC
29     );
30
31     RETURN TABLE(res);
32 END;
33 $$
34
```

SQL ▾ as cell39

```
1 SELECT *
2 FROM TABLE(customer_details('CUST001'));
3
```

OUTPUT

	CUSTOMER_NAME	ORDER_ID	RESTAURANT_NAME	ORDER_DATE	TOTAL_A  
0	Sneha Chandra	ORD3676	Kakatiya Kitchen	2025-12-01	827
1	Sneha Chandra	ORD0041	Punjabi Zaika	2025-07-30	970
2	Sneha Chandra	ORD3540	Biryani Baithak	2024-12-08	1,050
3	Sneha Chandra	ORD0049	Charminar Spice Hub	2024-03-18	1,522
4	Sneha Chandra	ORD2368	Chettinad Chaska	2023-01-03	472
5	Sneha Chandra	ORD4154	Biryani Express	2022-04-13	729

Query Optimization

- Indexed customer_name, order_date, order_status, delivery_status columns
- Avoided SELECT *, given proper columns in select statement
- Used CTE's and JOINS over subqueries
- Used JOINS wisely

✓	5	21:20:55	select restaurant_name,city , sum(case when delivery_status="not delivered" then 1 ...	60 row(s) returned	0.016 sec / 0.000 sec
✓	6	21:21:09	create index idx_orderstatus on orders(order_status)	0 row(s) affected Records: 0 Duplicates: 0 Warnings: 0	0.141 sec
✓	7	21:21:09	create index idx_deliverystatus on deliveries(delivery_status)	0 row(s) affected Records: 0 Duplicates: 0 Warnings: 0	0.078 sec
✓	8	21:21:19	select restaurant_name,city , sum(case when delivery_status="not delivered" then 1 ...	60 row(s) returned	0.000 sec / 0.000 sec

Top Key Insights

- **Peak Ordering Time:** Most orders are placed between **2 PM – 4 PM**, while **4 PM – 6 PM** sees minimal activity.
- **Top Customers:** Customer IDs **926,002,130,157,386** placed over **750 orders** each with an average order value of **₹300–₹350**.
- **High Cancellation Rates:** Restaurants IDs **015, 004, 006**, and **003** show the highest order cancellation rates.
- **Seasonal Trends:** **Spring** has the **highest dish sales**, while **Autum** has the lowest, indicating seasonal food demand.
- **Revenue Concentration:** **Hyderabad** accounts for nearly **69% of total revenue in 2025**, whereas **Chennai contributes under 5%**, indicating a significant performance gap across cities.
- **Top-Selling Items by City:** Dishes like for **Seekh Kebab, Idly, Curd Rice and Panner Tikka** are best-sellers across major cities.

Actionable Recommendations

- **Introduce Tea-Time / Snack-Time Offers:** Encourage more orders during **4 PM – 6 PM** with special discounts or combos.
- **Reward Loyal Customers:** Launch a **VIP program** or exclusive deals for high-frequency users to boost retention.
- **Improve Restaurant Reliability:** Audit and support restaurants with **high non-delivery rates** to **reduce cancellations**.
- **Improve Low-Performing City Revenue:** Introduce **city-specific promotions and partnerships in Chennai** to boost demand and improve revenue contribution.
- **Plan Seasonal Campaigns:** Launch **season-specific menus** or offers during **spring**, and create **Autum discounts** to balance demand.
- **Promote Best-Selling Dishes:** Use regional best-sellers in **targeted ads** and **bundled offers** to drive repeat sales.

Thank you
